
ENSOLANKA RELATIONSHIP SUPPORT GUIDE

The Sincere Connection

A Guide for Local Dating Partners

A Safer, Professional, and Guided Path to Meeting International Guests

Privacy • Dignity • Guided Introductions • Genuine Connections

WELCOME

Introduction: A New Standard for Meaningful Relationships

At Ensolanka, we believe that meeting a life partner or a sincere companion should be a journey of joy, not a source of anxiety. We know that many Sri Lankans are interested in meeting international partners but are rightfully afraid of the scams, fake profiles, and "ghosting" found on platforms like Facebook or generic dating apps.

Our mission is different. We are not just a business; we are a dedicated support team. Our primary goal is to provide our international guests with a beautiful life in Sri Lanka, and a key part of that is helping them build genuine, respectful connections with local partners like you. We are here to safeguard your dignity, protect your privacy, and guide you every step of the way.

Our core promise

We are here to safeguard your dignity, protect your privacy, and guide you every step of the way.

SECURITY BLANKET

Part 1: The Problem vs. The Ensolanka Solution

The Common Risks Elsewhere	The Ensolanka Security Blanket
Fake Accounts: Anyone can create a profile with stolen photos.	Verified Guests: Our guests are connected to our lifestyle platform; we know who they are.
Scams & Frauds: Users often face financial or emotional manipulation.	Admin Oversight: Our team personally reviews profiles and monitors the connection flow.
Unsafe Meetings: Meeting a stranger from the internet alone can be dangerous.	Guided Arrangements: We help coordinate the first meeting in a safe, professional setting.
Privacy Leaks: Your phone number is often exposed to everyone.	Protected Details: Your contact info remains locked until mutual interest and confirmation are reached.

LOCK AND KEY PROCESS

Part 2: The Step-by-Step Safety Journey

We have designed a "Lock and Key" process to ensure that you only connect with people who are serious and respectful.

- 1** Free Registration & Profile Creation: Signing up is totally free, and there is no fee to maintain your account on our platform. You simply present your authentic self—your values, your photos, and what you seek in a partner.
- 2** Admin Review: Our team reviews your profile to ensure it meets our community standards before it becomes visible to guests.
- 3** The Interest Phase: Guests can browse featured and public profiles. They can express "Interest" in you, but they cannot see your WhatsApp or Email yet.
- 4** The Mutual Match: If you view their profile and express interest back, a "Mutual Match" is created.
- 5** Confirmation & Connection: Once a guest confirms their visit, you may pay the \$50 Confirmation Fee. This is a one-time fee (not per guest), allowing you to explore multiple mutual interests and arrange unlimited dating arrangements until you find your dream partner. Once paid and the guest has arrived in Sri Lanka, contact details (Email and WhatsApp) are unlocked for confirmed mutual matches.
- 6** The Arranged Date: On the day the guest arrives in Sri Lanka, our team notifies you. If both parties agree, we help coordinate and facilitate your first meeting to ensure it is comfortable and safe.

DASHBOARD & VISIBILITY

Part 3: Understanding the Portal Features**The Power of the Featured Profile (\$5)**

For a one-time, optional fee of \$5, you can "Feature" your profile.

- **High Visibility:** Your profile moves to the top of the search results for international guests and is considered a highly recognized profile.
- **Access to Private Guests:** As a featured partner, you gain the ability to view "Private" guest profiles that are hidden from the general public.
- **Serious Intent:** Being featured shows guests that you are a serious candidate looking for a genuine connection.

Featured Profile

For a one-time optional \$5 fee, your profile can receive higher visibility among international guests and demonstrate serious intent.

The Partner Dashboard: Your Personal Command Center

Your dashboard gives you full control over your experience:

- **Interest List:** See exactly which international guests have expressed interest in you.
- **Privacy Controls:** Update your photos, change your password, and manage your visibility settings at any time.
- **Payment Center:** Transparently track your one-time fees for confirmation or optional featured status.

PRIVACY & RESPECT

Part 4: Our Promise to You

We are your advocates. We understand that for local partners, especially women, privacy and reputation are paramount.

- **Privacy First:** We do not encourage "random chatting." Communication is structured to lead toward a real-world meeting only after trust is established.
- **Sincere Guidance:** Our team is instructed to genuinely help you. If you have concerns about a guest or need advice on how to handle an introduction, we are just a message away.
- **Dignity & Respect:** We treat our local partners with the same high level of service we give our international guests. You are a valued part of the Ensolanka community.

A protected experience

Communication is structured to lead toward a real-world meeting only after trust is established.

ACTION STEPS

Part 5: How to Get Started with Confidence

- **Upload Quality Photos:** Choose clear, recent photos that show your personality.
- **Be Honest in Your Bio:** Tell the guests what you love about Sri Lanka and what you hope to find in a partner.
- **Check Your Interests Regularly:** Log in to your dashboard to see who is interested in meeting you.
- **Trust the Process:** Remember, no one gets your private contact details until you are both ready, the guest is confirmed, and they are physically in the country.

FINAL MESSAGE

Conclusion: Your Future Starts with a Safe First Step

Don't leave your heart to the risks of social media. Join a community that values your safety as much as your happiness. Whether you are looking for a lifelong partner from overseas or a meaningful friendship with a global citizen, Ensolanka provides the bridge.

Your heart deserves a safer bridge, not a risky shortcut.
