Protected Details

(Contact info locked until mutual confirmation)

The “Lock & Key” methodology guarantees secure, intentional connections.

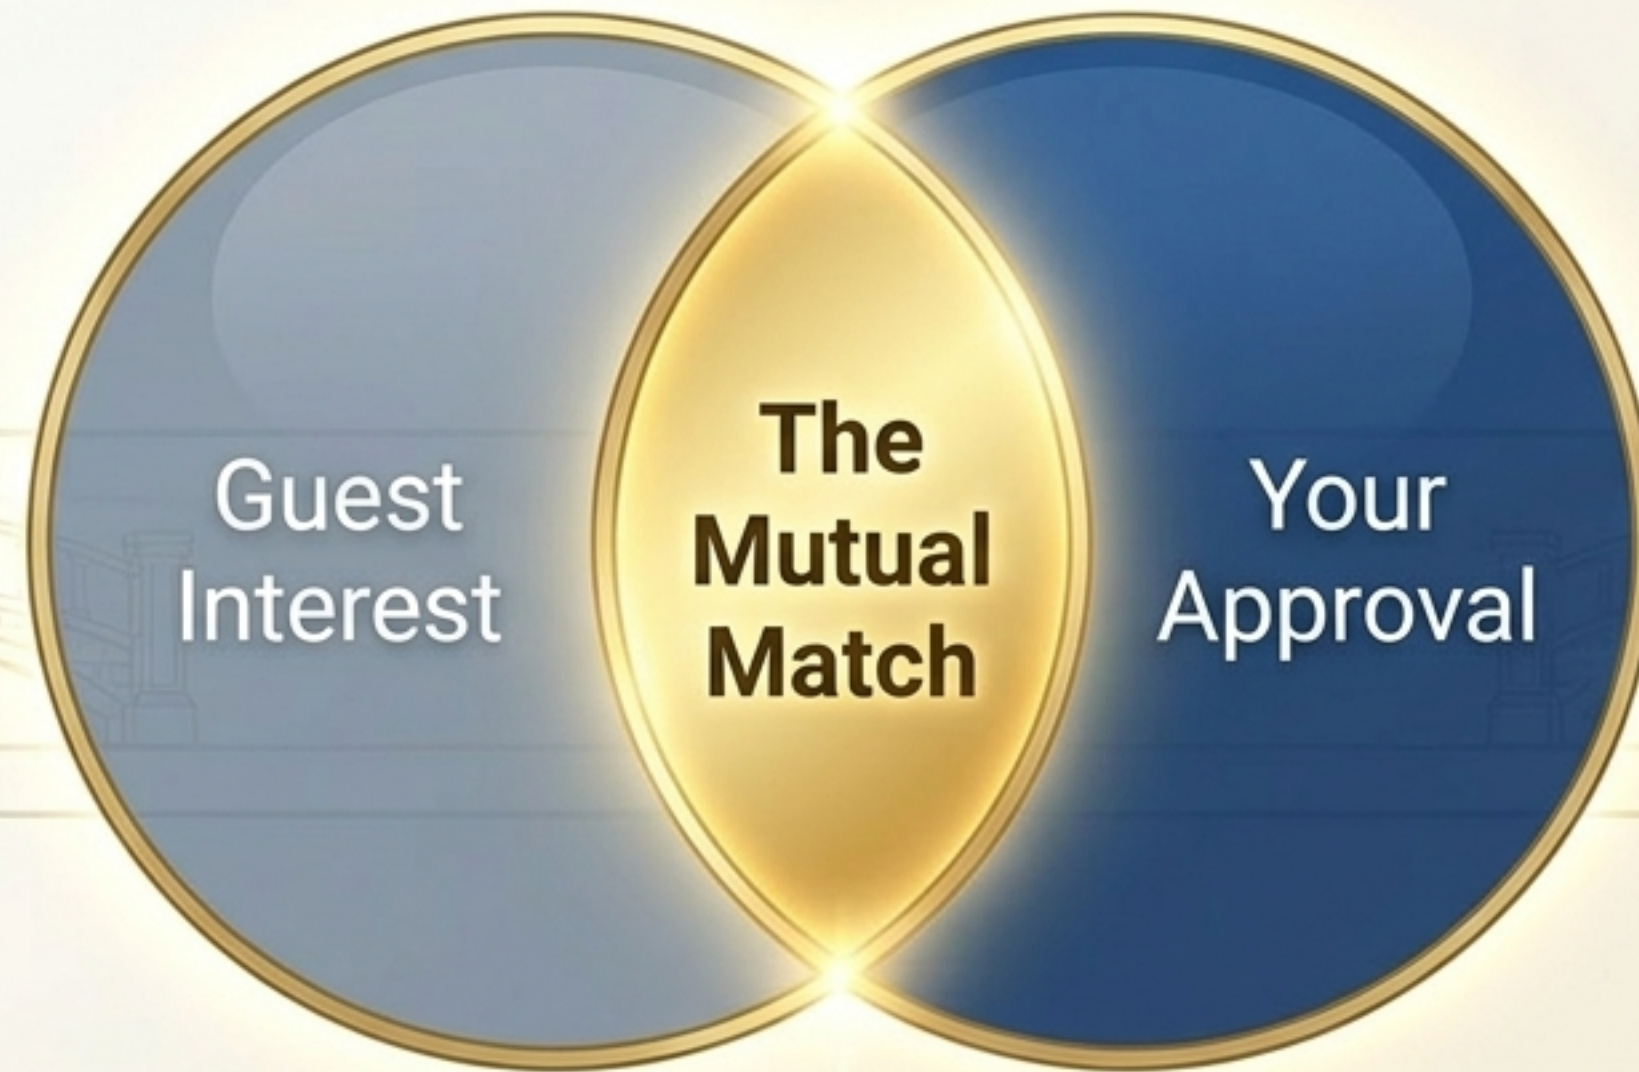

Your privacy is paramount. We designed a structured process to ensure you only connect with people who are serious and respectful. There is no random chatting, and no exposed phone numbers. Mutual trust must be established before the gates open.

Phase 1: The Safe Start

**The connection only moves forward
when the interest is mutual.**

You maintain total control over who gets to proceed. You review the guest's profile on your own time. Only if you agree and express interest back is a "Mutual Match" created.

The Confirmation Milestone: Unlocking your mutual connection.

Once a guest confirms their visit to Sri Lanka, you may pay the \$50 Confirmation Fee.

The Key Rule:

Contact details are only unlocked after payment is made AND the guest has physically arrived in the country.

The Value:

This is a one-time fee (not per guest). It allows **unlimited dating arrangements** with confirmed mutual matches until you find your partner.

Real-world connections, safely facilitated by our team.

On the exact day your guest arrives in Sri Lanka, our team notifies you. We don't leave you to figure it out alone.

If both parties agree, Ensolanka coordinates and facilitates your first meeting in a safe, professional setting to ensure total comfort.

Powering Up: The strategic advantage of a Featured Profile.

For an optional, one-time fee of \$5, you can instantly elevate your presence on the platform.

Standard Profile

- ✓ **High Visibility:** Moves your profile to the top of guest search results.
- ✓ **Exclusive Access:** Unlocks viewing rights for "Private" guest profiles hidden from the public.
- ✓ **Serious Intent:** Signals to guests that you are a highly recognized, committed candidate.

Your Personal Command Center gives you absolute control.
